

Dear Friend,

Greeting to you in the most precious name of Our Lord Jesus Christ! Thank you very much for your continue prayer and concern about me during my time in USA and Nepal. Now I am back to work after three months long duration in USA. My Time in USA gave me rest and closer fellowship with God so I could come with spiritual strength. Sorry for not keeping touch with you for couple of months. Since I return back from USA I went to the Asian seminary class for a week in

Baptism photos

Worship at village Church before baptism program

Kathmandu then I had to have rest after having bad flue; then went to the village to visit Church and Marion primary school's project. During our time there we have been involving teaching to new believers. Praise the Lord! This time we have baptized 6 people.

Grace Children home

Thanks God for being faithful to us. Two boys (Nabin Khadka and Ratan Tamang) had finished their school; result is yet to come. If they pass the exam Nabin wants to study science and Ratan wants to study mechanic. Please pray for them so they can pass the exam and also pray for their future after Grace home. We are thinking to provide them scholarship for their further study. We are replacing them four orphans. We don't know so far for who will be the lucky one to come in Grace home!

Right now, everyone is on vacation for new academic year. Everyone from the children home passes their class and upgraded in another classes. Now we have to admit them to another new class and should pay academic and yearly fees including books plus uniforms for each one. It is being hard to engage them when they are off from the school. However, their school is going to restart from Next week.

The orphanage building is still under construction after last year flooding; it is going to finish soon, and looking much better and stronger building with wonderful surrounding

garage! Cost is going to high when we complete the jobs.

Marion Primary School

The land for play Ground is being bought

Firstly, we are very much grateful to our Lord Jesus Christ to whom He has been using us in His ministry for His glory sake. Secondly, we are very much grateful and in-debt of you for your constant prayer and financial support.

It is good news Our friend Dr. John L. Bell from Iona community, Scotland; who had won the award for speaking on peace and justice in USA and he kindly donated 4000 USD for the Marion School in Nepal. We thank him for his grant which has been used to re-build the Marion primary school. Everybody at the village is very happy and grateful to receive for that much grant. They all involved to re-build the school and got paid. They joined with me to say “thanks” to him. This time we only enabled to build three class rooms and will continue to build another block with two rooms and toilets. This three class rooms has been built by local people using their own local ideas and skills. Furthermore, we have been enabled to buy play ground which is big enough for the children. There are lots work need to be done like cleaning play ground and making it plain which is rocky now. Also need to buy new tin roof and fix windows and doors before the monsoon starts. The summer is very close and people must have to work for their farm. If they not complete this time they will work again after September.

We had wonderful Easter celebration. On the Easter day as usual we march the street and gathered in a public stadium. We are getting this opportunity to do so we don't know whether we will get such time in the future or not. We do not have any constitution right now but hope we get but will not be in our favor. We believe that no one stop us witnessing to our Lord Jesus Christ.

You have inspired my life and encouraged to be involved in His ministry in Nepal. I always appreciate to your prayer and sponsorship for the ministry here in Nepal which has always being back bone to support our orphans in Kathmadu and pastors at the villages and in the city.

Political situation

Political situation is as same as before. Now we have fresh mandate government which is form 2 months ago again after the election to write the constitution of Nepal as earlier one had failed. It seemed now the political parties' view on Christianity sound has changed and looking at us negatively. Now some of the political parties want to re-declare the Hindu state. There is Strong influence of Indian political leaders in Nepal. Mr. Modi;who is standing on the Prime Minister Candidate of Indian. There is a strong possibility that he may elect as prime minister of India in the political history of India; who is always strong Hindu fundamentalist as well. Now government of Nepal is looking closely in the activities of Church. We know if government able to write the constitution of Nepal it will not write in the favor of Christian Churches. However, please pray for us and for the Nepali Churches and for their rights.

Lastly, My own Children, Mahim is now 13 years old and studying in class 7. Similarly, Sumina is 10 and pravab is 8years; both of them studying grade 5 and 2. Sharda is always dear to me and children; she is caring for the family and me. I am like a bird; that does not have certain time, place and job! I often fly to the villages to care the Churches plus social works. I also think for myself as an ambulance for the sick and need to get ready in any time to go!

Again thank you very much for your love and continue prayer.

Your Brother in His service,

P. Chitra Karki
